ATTN: CERTIFICATE OF CORRECTION BRANCH

Commissioner for Patents

Alexandria, VA 22313-1450

Sir:

Pursuant to 37 C.F.R. § 1.322, the patentee respectfully requests that a Certificate of Correction be issued for the above-referenced patent to correct the following errors:

IN THE TITLE PAGE:

Please insert Section (30) as follows:

--Foreign Application Priority Data

This application claims the benefit of priority to International Patent Application No. PCT/KR2001/000977 filed 08 June 2001, which claims the claims the benefit of Korean Patent Application No. 10-2000-0031721 filed on 09 June 2000. The disclosures of the aforementioned applications are hereby incorporated by reference.--

REMARKS

The Certificate of Correction seeks to correct the Foreign Application Priority Data information at Section (30) of the issued patent to correctly reflect the priority information. Certified copies of the priority documents were filed on March 8, 2004. The Applicant's claim of priority was acknowledged on March 7, 2005. The applicant has previously provided the Declaration and Power of Attorney executed by the inventor claiming priority. The Image File Wrapper includes the stated foreign priority information, but that information is absent from the face of the printed patent.

A Certificate of Correction (Form PTO-1050), in duplicate, incorporating the above correction is included with this Request. The errors do not appear to be those of the applicant and therefore no payment is enclosed.

If it should be determined that a fee is due, the Commissioner is hereby authorized to charge any fee that may be due in connection with this Request or the attached papers, or to credit any overpayment, to Deposit Account No. 50-1213. A copy of this sheet is enclosed.

No new matter has been added. Approval of the proposed correction and issuance of the Certificate of Correction are respectfully requested.

Respectfully submitted,
Heller Ehrman LLP
